## MEET ED MURANSKY

### CHIEF EXECUTIVE OFFICER

#### 1. PLEASE SHARE A LITTLE BIT ABOUT YOURSELF.

My name is Ed Muransky and I am 62 years old and will be 63 on January 20th. I was born in Youngstown, Ohio and grew up on the south side of town. My parents are both Czechoslovakian and our family immigrated to the United States in the early 1900's and worked in the steel mills in Youngstown. Football was always a passion for me beginning as a child. Going into 4th grade and participating with the Wilson Little Redman football program, the weight limit was 130 pounds and I weighed 160 so I had to play with the older grades and kids. I went to high school at Cardinal Mooney and continued my education and became more in love with the game of football. In high school, I was 6'7, 270 pounds and wore a size 15 shoe. At this time, players just were not this big and I was very fortunate to be recruited by some of the best universities in the country. I took recruiting visits to the schools Notre Dame, Ohio State, Michigan, Florida State and Arizona. Ultimately, I made the decision to attend the University of Michigan to play for the great coach Bo Schembechler. During high school and college, I met my best friend's sister Christine Pipino and we began dating, fell in love and eventually got married. On March 5th this year we will be celebrating our 40th wedding anniversary. We have 3 wonderful children Eddie, Deloran and Donielle and 4 grandchildren. Eddie and his wife Chelsea have 2 boys Paul and James. Deloran and her husband Josh have 2 daughters Colette (Coco) and Carolina (Kia). Eddie/Chelsea and Deloran/Josh live in Youngstown, Ohio and Donielle lives in Los Angeles, California where she works as a comedic writer for shows like The Goldbergs, Schooled and Muppet Mayhem.

#### 2. WHAT IS ONE OF YOUR FAVORITE MOMENTS THAT YOU EXPERIENCED IN YOUR FOOTBALL CAREER?

I have a lot of great moments I reminisce about when thinking about playing football, but a few particularly come to mind. When I was entering the University of Michigan as a freshman, I felt I worked really hard to prepare myself and get in shape and it paid off. I found myself at football camp prior to the season beginning playing well and I had that "I really belong here moment" where I felt I can really play and contribute at this level of college football. Another great moment at Michigan, was when we won The Rose Bowl in 1981 and giving Bo Schembechler his first bowl victory and carrying him off the field with my teammate Bubba Paris. In 1982, I was drafted by the Oakland Raiders who then became the Los Angeles Raiders. We went on to win Super Bowl XVIII in 1984 by defeating the Washington Redskins who were the defending champions at the time by the score of 38-9. My favorite memory from that game was walking off the field with my friend and teammate Jack Squirek knowing we had just won the Super Bowl. That feeling that we were going to have a Super Bowl ring forever was just something I could never imagine, and it was truly special.

#### 3. WHAT IS ONE OF YOUR FAVORITE MOMENTS THAT YOU EXPERIENCED IN YOUR PROFESSIONAL CAREER?

One of my favorite moments was speaking with my father in law Don Pipino. Don owned a very successful insurance agency that covered all of the major shopping centers in the country. After 4 years of playing professional football, I was still debating whether I should give football another shot and as we met he asked me what my plans in life were and that he really thought I had a future in business. After starting in the Dr. of Pharmacy Program, I graduated from Michigan with a general studies degree and I never took a business class so this was a bit of a shock to me. I felt I was inexperienced and a little intimidated when thinking about financial statements, contracts and everything else that makes up the business world. However, he was supportive and reminded me of the strengths I possessed and that with hard work these could be developed into a great foundation in business. After we met, I thought about his encouragement and decided to officially retire from football and enter business. What also makes this moment shared with him very special is that it took place in his office which is now my son Eddie's office. In 2022, The Muransky Companies moved into the same building that Don worked in all those years ago. It is an incredible full circle that makes me very proud. I am also very proud and thankful for being able to provide jobs and opportunity for the many employees across all companies. This is something that is very special to me and I often reflect on this as a motivational driver.

#### 4. CAN YOU SHARE WHAT PEAKED YOUR INTEREST IN BECOMING AN AUNTIE ANNE'S FRANCHISEE?

Every year in Las Vegas there is a Shopping Mall Convention and I was in attendance in 1991. While at the convention, myself and the group of colleagues were curious about the line of people that had formed around a small booth. Soon thereafter, we were sampling a delicious product called Auntie Anne's Soft Pretzels. Anne Beiler, the founder of Auntie Anne's who created her pretzel perfection at a farmers market stand in Downingtown, PA in 1988, was in attendance and we began discussing franchising. We decided on a location at Florida Mall in Orlando, Florida which is one of the busiest malls in the country. I know your thinking the rest is history and we went on to open locations all over the country but it is not. The Florida Mall location was located in the old food court and it really struggled to start. I had thoughts that this was a bad decision and hot pretzels were just something people in Florida were not interested in. We knew we had a great concept, delicious product and thought maybe it just didn't belong in a food court. So we cut off the legs of the kiosk and moved to another location which is now where FL421 stands. We tripled our sales and now the rest is history. Chestnut Land is now composed of almost 100 locations in 14 states. It is important to note that 30 years later, I still have a handshake agreement with Auntie Anne's and Anne Beiler. Anne and I remain great friends and stay in touch regularly.

#### 5. DO YOU HAVE ANY NEW YEAR'S RESOLUTIONS?

I do have a New Year's resolution. I am going to be 63 soon and have a rebuilt shoulder and an artificial knee. My goal is to exit 2023 healthier than I entered it.

#### 6. ARE YOU CURRENTLY BINGE WATCHING ANY TV SHOWS?

The majority of the time I do spend watching TV, I am watching sports. I love to watch football, but also enjoy basketball, hockey, baseball and golf. One show that my wife and I have enjoyed recently is Yellowstone. I have recently began to enjoy reading and recommend the book The Stranger in the Lifeboat by Mitch Albom for all you book lovers out there.

#### 7. WHAT IS ONE OF YOUR FAVORITE HOLIDAY TRADITIONS YOU LOOK FORWARD TO EVERY YEAR?

I just really enjoy the entire month of December. I love the holiday season and how everyone is in better spirits. I am simple and enjoy spending time with my family and friends.

#### 8. WHAT IS YOUR FAVORITE MENU ITEM AT AUNTIE ANNE'S?

Pepperoni Nuggets are my favorite!

#### 9. WHAT ADVICE WOULD YOU OFFER TO A NEW EMPLOYEE STARTING THEIR CAREER AT CHESTNUT LAND COMPANY?

Whether it is at Chestnut Land or in your personal life, it is important to show up and be present in the moment. You must always be prepared for an opportunity that may arise. I also once received great advice when I was 16 from Father Tim O'Neil. He described to me that I would learn that secrets to life are not always of monetary value but how by becoming an unselfish giver would enrich your life in ways that you could not imagine. When I received this advice, I was young and I didn't truly understand it. However, it stuck with me and has made an impact on my life and way of living.

#### 10. WHO IS SOMEONE YOU HAVE LEARNED FROM OR HAS SERVED AS A MENTOR TO YOU IN YOUR CAREER?

Mentors are very important in one's life. The importance of being present in the moment could lead to the opportunity of a new mentor. I am very blessed to have the support of many great people in my life. My parents, grandparents, relatives, wife Chris, father in law Don Pipino, high school football position coach Ted Lolakis and college football Coach Bo Schembechler have all provided me with so much love, advice and support throughout my life.

## JANUARY EMPLOYEE SPOTLIGHT

### MEET AMITRA ALEXANDER

STORE MANAGER FL149

Amitra started with Chestnut Land in October 2017 at FL177 in Florida Mall. She was an Assistant Manager and the heartbeat of that store! Her passion for the staff there and for the store's success shined year after year there. In June of 2022 an opportunity opened and she was promoted to FL149 as the Store Manager. Boy was she ready and excited! Chris, Leo, and I were excited for this opportunity for Amitra. There was no doubt she deserved this next step to grow in her career. FL149 is one of the top stores in the company. And it did not skip a beat when Amitra took over. Actually, the store SOARED even higher with her as the manager. FL149 ended 2022 STRONG, being the #1 store in sales for the company. She is an amazing person, mother, and leader. She is kind, passionate, shows great initiative and compassion each day. Amitra, you are an inspiration to us all and we are so grateful for all you do every day!

## WORKING ON WELLNESS

### TAKE A BREAK FOR YOURSELF

Have you ever experienced the frustration of trying to remember something like the name of a movie, but no matter how hard you try, no luck? Later, while brushing your teeth or washing the dishes – the answer magically appears as if out of thin air, and we wonder, how did that happen? Allowing a diversion to carry us away from the problem at hand offers the mind an opportunity to relax. Research shows that when we relax it heightens the awareness of our senses. Our thoughts tend to wander in many directions, all the while we still hold that question or problem in the background.

It may seem counterintuitive, but taking a break can be our greatest source for problem-solving, fostering creativity, and inspiring deep insight. Some of the most successful people in the world build breaks into their daily routine to prevent decision fatigue, restore motivation, boost productivity, and improve creativity. Albert Einstein would sit in front of his fireplace letting his mind wander. Maya Angelou took time to walk in nature for inspiration. The Dalai Lama takes frequent breaks to meditate, quieting his mind.

Understanding how to take a healthy break will maximize the positive benefits. Here are just a few sources to tap into for a positive result:

#### MOVEMENT

It's on the top of the list because it allows the mind to disengage, the body to release energy, gets the blood flowing, heart pumping, and immediately lifts our mood.

#### NATURE

A source of relaxation and diversion. It has a calming effect on our thoughts and allows us to connect with something new and ever-changing which awakens our senses.

#### MUSIC

IT HAS DEEP HEALING QUALITIES WITH THE ABILITY TO TRANSPORT US AWAY FROM THE MOMENT, LIFT OUR SPIRITS, AND PROVIDE A SENSE OF CONNECTION BEYOND THE IMMEDIATE ENVIRONMENT.

#### REST

As an underappreciated practice that allows the mind, body, and spirit to renew energy, reset mood, and revitalize the immune system.

#### FOOD & WATER

These are primary engines for energy: healthy food and clean water promote a sense of well-being, increase vitality, and enhance our thinking.

Taking a break is also important for emotional and physical well-being, so here are a few practical activities to recharge in 15 minutes or less. Focus on what you can notice with your senses – sight, sound, smell, etc.

- Grab a healthy snack like an apple and really enjoy the sweetness, sound of the crunch, and smell of the fragrant ripeness.
- Go for a walk outside. Listen for the sounds of birds, feel the crispness of the air, or notice the sun's warmth on your face.
- Sit back in your chair, close your eyes, let your feet rest on the floor, and follow the physical sensation of your breath as it flows in and out.

Paying attention to strategies that work best for you is helpful, but also try new things. The novelty can be both inspiring and invigorating. Breaking out of habitual patterns of behavior and thought can make a crucial difference that improves all aspects of our lives. **Take a break for YOU!**

### TIPS TO STAY ON TRACK FOR YOUR NEW YEAR'S RESOLUTIONS!

Chances are at some time in your life, you've made a New Year's resolution – and then broken it. This year, stop the cycle of trying to make a change, and then not following through. If your resolution is to take better care of yourself and get healthy, you will have a much better year if your resolution sticks. Here are eight tips to help you get started.

#### 1. BE REALISTIC

The surest way to fall short of your goal is to make your goal unattainable. Instead, strive for a goal that is attainable, such as doing it more than you do now.

#### 2. PLAN AHEAD

Don't make your resolution on New Year's Eve. If you wait until the last minute, it will be based on your mindset for that particular day. Instead, it should be planned well before December 31st arrives.

#### 3. OUTLINE YOUR PLAN

Decide how you will deal with the temptation to skip that exercise class or have that piece of cake. This could include calling on a friend for help, practicing positive thinking and self-talk, or reminding yourself how your "bad behavior" will affect your long-term goal.

#### 4. TALK ABOUT IT

Don't keep your resolution a secret. Tell friends and family members who will be there to support your resolve to change yourself for the better or improve your health.

#### 5. REWARD YOURSELF

This doesn't mean that you can eat an entire box of chocolates if your resolution is to eat a better diet. Instead, celebrate your success by treating yourself to something you enjoy that doesn't contradict your resolution.

#### 6. TRACK YOUR PROGRESS

Keep track of each small success. Short-term goals are easier to keep, and each small accomplishment will help keep you motivated.

#### 7. DON'T BEAT YOURSELF UP

Obsessing over the occasional slip won't help you achieve your goal. Do the best you can each day, and take one day at a time.

#### 8. STICK TO IT

Experts say it takes about 21 days for a new activity to become a habit and six months for it to become part of your personality. It won't happen overnight, so be persistent and patient!
