Saturday of Caring

Saturday of Caring is a monthly volunteer initiative of United Way of Youngstown and the Mahoning Valley, created by Ed Muransky and his daughter, Donielle, during the COVID-19 pandemic. What began as a way to ensure vulnerable seniors and families had food and support during uncertain times has grown into a lasting community tradition that continues today.

Held on the third Saturday of every month, the program mobilizes volunteers to unload grocery trucks, pack bags with fresh produce, meat, and shelf-stable items, and deliver them directly to those in need. Each month, these efforts touch the lives of more than 450 households across the Mahoning Valley, helping neighbors not only with food security but also with the comfort of knowing their community cares.

This past month, The Muransky Companies team proudly volunteered, and it was an amazing experience to roll up our sleeves together as a company. Our team shared in the spirit of compassion and teamwork that makes Saturday of Caring so impactful. It's a reminder that when we come together, we can make a real and lasting difference in the lives of others.

Meet Vickie Bennett Store Manager - IN111

Vickie has been a part of the Chestnut Land Family for a total of four and a half years as Store Manager of IN111 University Park Mall in Mishawaka, IN. Vickie continues to show her true passion for this company and the brand with everything she does. She is involved with her mall and any events they put on by creating a nice atmosphere for guests to stop by and say hi or get a snack. She is great with communication with home office and communicating with her team. Her location is always kept clean to Chestnut Land's standards and we are proud to have her on our team!

Meet Vickie Bennett Store Manager - IN111

1. Hi Vickie, can you share a little bit about yourself and your position at Chestnut Land?
I'm a mother of 3 children and I am a "Gammi" of 6 (3 girls - 3 boys). I am the Store Manager at IN111.
2. Describe your morning routine in 1 word.
Eventful
3. Share an interesting fact about yourself that most people don't know.
I really don't have anything interesting about myself to share. I'm pretty much an open book.
4. Share a fun fact about your hometown.
Home of the Notre Dame Fighting Irish
5. Would you rather sing or dance in front of your coworkers?
I do both - my team loves it
6. Do you dress up for Halloween? If so, what is your costume for this year?
Our store did the Wizard of Oz theme last year - a big hit, so we are going to stick with that again this year.
7. Do you enjoy any Fall coffee drinks?
Not a coffee drinker
8. Favorite scary movie?
Don't watch scary movies
9. What do you enjoy the most about your job?
The interactions I have with everyone from my crew - our guests - corporate office team. I love the fact that it feels like we are all family - I truly felt that at our Chairman's Conference in Vegas.
10. Favorite Halloween candy?
Anything Chocolate!

Monthly Health Challenge

Spooky Stress Busters Challenge

October is full of tricks and treats, but stress doesn't have to be one of them! This month, we invite you to take part in our Spooky Stress Busters Challenge—a fun way to try out new, simple habits that help you recharge and keep your wellness on track. Each week comes with a different “stress-busting” activity. Give them all a try and see which ones work best for you!

Week 1: Stretch It Out

Take 5 minutes each day to do a quick stretch or yoga move. Loosen up tight muscles, breathe deep, and let your body reset.

Week 2: Walk Among the Leaves

Head outside for at least one short walk. Fresh air + fall colors = an instant mood lift.

Week 3: Music Magic

Make (or listen to) a new playlist that helps you relax or boosts your energy. Music is one of the fastest ways to shake off stress!

Week 4: Try a Fall Hobby

Carve a pumpkin, bake something seasonal, read a new book, or try a craft. Doing something creative gives your mind a positive outlet.

The Challenge:

- Commit to at least 10 minutes a day for each week's activity.
- Snap a photo or share your favorite stress-buster with your team.
- By the end of October, you'll have a toolkit of new ways to tackle stress—just in time for the busy holiday season.

Working on Wellness

Fall Into Immunity: Simple Ways to Stay Strong Before Cold & Flu Season

The leaves are changing, the air is crisp, and pumpkin spice is everywhere—which means fall is officially here! But as cozy as the season feels, it also marks the beginning of cold and flu season. The good news? You can take simple steps right now to give your immune system the boost it needs to keep you healthy and energized—both at work and at home.

Power Up With Sleep

Think of sleep as your body's nightly recharge. Adults need around 7-9 hours, and skipping it leaves your immune system dragging. Even one or two extra hours of rest each night can make a difference in how well your body fights off illness.

Eat the Colors of Fall

Apples, sweet potatoes, carrots, spinach, pumpkin—these colorful fall foods are loaded with vitamins A and C, plus antioxidants that act like shields for your immune system. Pack some into your meals or snacks to give your body natural protection.

Keep Moving (Even in the Chill)

When it gets colder, it's tempting to stay under a blanket, but movement is medicine. Even a brisk 20-minute walk or light stretching can keep your immune defenses sharp while also boosting your mood.

Hydrate Like It's Still Summer

Cooler weather tricks us into forgetting water, but staying hydrated is key to flushing toxins and keeping your body's systems running smoothly. Keep a water bottle handy during shifts—it makes a difference!

Wash, Wipe, Repeat

Simple, yes, but handwashing is still one of the most effective tools against germs. Add in disinfecting high-touch items like phones, steering wheels, and door handles, and you'll lower your exposure dramatically.

Final Thought

This fall, don't just cozy up—gear up. A few mindful habits can help you avoid sick days and stay strong through the busy holiday season ahead. Your immune system is your frontline defense—treat it well, and it will return the favor.
